

CSP Committee Regulation – Adopted by Board 4/6/2022

At the Annual meeting of Board of Directors the committee chairperson will be nominated, at that time, by the majority of committee membership. The Board will have to approve the chairperson in order for the role to be effective. The board has the right to either approve or reject the nomination.

Chairperson role can be adjusted at any time throughout the year at the request of the majority of committee membership. At that time a vote can be taken amongst the committee members where by the nomination of the committee chairperson will either be approved or rejected by the board.
