## IMMEDIATE ATTENTION

- Gate pros has been notified to schedule their installation of new sensors related to the operation of the front gate.
- PLS has completed demobilizing and striping.
- Trash pick up and mail delivery will return to normal operations.
- Owners are still encouraged to not rotate vehicle wheels in the stop position creating divots in the new but uncured paved areas. This is very noticeable in front of driveway aprons, where owners are backing into driveways.
- White sand on paved areas will wash away with upcoming rain events.
- Lighthouse will meet with the contractor to review a punch list of items still to address.
